

# Plissé Shades

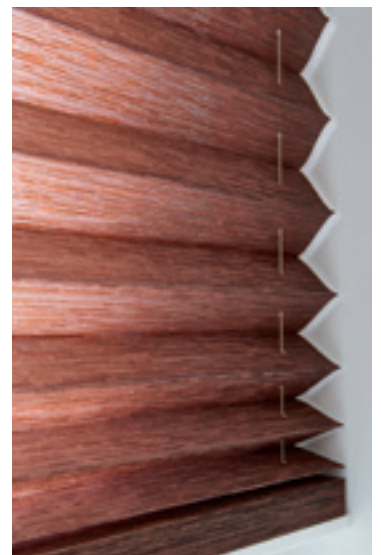

Uniquely decorative, with a shape that suits your style

**Luxaflex**®

Designed by Luxaflex®. Inspired by you.

*The new 32 mm pleat width gives a robust look to larger windows and sliding doors*

# Plissé Shades

Suitable for almost every window shape

Plissé Shades are available in a wide assortment of beautiful fabrics, rich structures and new colours and designs in four transparencies. They give beautiful pleat patterns to windows of various shapes.

There are two pleat widths available, each best suitable for a specific window size.

**“Having these amazing coloured shades in my home makes me smile”**

# Special

## operating options

The revolutionary LiteRise® operating system is cordless and easier to operate than ever before and safer for children and pets. It is easy to raise and lower the shades using a handle. This patented system ensures that the shade remains at the desired position.

Besides LiteRise® several models are available, including Day & Night and Top Down/Bottom Up.

## Combined with Duette® Shades

The Plissé Shades collection offers an extensive choice of fabrics to control the light and/or your privacy as desired, from sheer to room darkening. For even

a wider choice in room darkening fabrics, combine Luxaflex® Plissé and Duette® Shades in one product.

### **Sustainable fabric**

*Sustainability was a key factor in the production of this collection. Luxaflex® is contributing to a sustainable and healthy environment by the careful selection of raw materials and method of production, as well as re-using fabrics whenever possible. The Revival fabric, which is made from 100% polyester yarn, accentuates this. Available in a 20 mm pleat width.*

# Fabrics with something extra

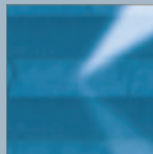

The Luxaflex® Plissé Shades collection offers two different coatings, each with its own specific characteristics.

## **TOPAR® Plus**

Topar® Plus is a coating that reflects warmth and sunlight, but which has no effect on the colour of the Plissé Shade. This makes Topar® Plus extremely suitable for all rooms with large panes of glass, such as entrance halls and conservatories.

*With Topar® Plus*

*Without Topar® Plus*

## **DustBlock®**

DustBlock® is a dirt-repellent treatment, making these fabrics suitable for rooms such as kitchens, where the possibility of staining is greater than in other rooms.

For truly exceptional, fully **customised** and reliable window coverings, Luxaflex® is the perfect choice.

With over 60 years' experience, Luxaflex® is committed to providing you with an **unrivalled** selection of products, fabrics, materials and colours for your **comfort** and **pleasure**. All covered by a **five-year guarantee**.

Designed by Luxaflex®. Inspired by you.

*To ensure that your experience with Luxaflex® is the very best it can be, our products are sold by professionally trained dealers. Our experts will answer your questions, provide home measuring and fitting services, and configure your custom product to your exact specifications.*
