Even more choice with the new collection

Luxaflex® adds a new dimension to the traditional roller blind. The collection includes striking fabrics in modern stylish colours, textures and transparencies. The possibilities are almost endless, especially if you select accessories to give your roller blind a personal accent and transform it into an exceptionally decorative window covering.

**“We chose a beautiful, sleek design roller blind to compliment our great view”**

# XL

## for large windows

XL and XXL are ideal for larger windows which are found more and more frequently in modern architecture. With **Xtra** wide fabrics greater widths are spanned effortlessly, and thanks to sophisticated systems, these blinds are easy to operate and to install.

### ***Durable fabrics***

*Sustainability was a key factor in the compilation of this collection. There is a fabric made from recycled plastic bottles. Another 'eco' fabric is made from lactic acid from sugar cane and corn starch. Completely biodegradable and a compliment to your interior.*

# Decorative

Give your creativity free reign with a range of decorative Finishing Options, including rings, decorative bottom rails and decorative finials for poles. Have you ever considered a magical, glittering CRYSTALLIZED™ - Swarovski Elements to decorate your blind?
